

■ Leash Legacy K9 Training – 3–5 Day Kickstarter Program ■

This focused 3–5 day package is designed to kickstart your dog's obedience journey using positive reinforcement and gentle e-collar introduction. Perfect for dogs just starting out, this program builds confidence, engagement, and foundational skills.

Program Includes:

- E-collar conditioning (if applicable)
- Take-home guide for continued progress
- Weekly follow-up evaluation (30 minutes)
- Daily drop-off training (Monday–Friday availability)

Daily Objectives

Day 1: Assessment & Engagement

- Temperament and personality evaluation
- Intro to clicker/reward system
- Name recognition, eye contact
- Start Sit and Down with leash guidance
- E-collar fitting and response testing (lowest level only)
- Heel position introduction
- Loose leash walking with turns
- Marking and reward timing
- Begin 'Come' recall with leash and reward

Day 2: Leash Basics

- Adjust e-collar if appropriate based on feedback

Day 3: Structure & Duration

- Increase duration of Sit and Down
- Introduce Place command (mat work)
- Add small distractions (toys, noise)
- Continue leash walking with automatic sits

Day 4 (Optional): Reinforcement & Minor Challenges

- Add confidence building obstacles (steps, surfaces)
- Start long-line recall outdoors

Day 5 (Optional): Owner Transfer & Practice

- Final session with owner included
- Live demo and handling practice
- Review custom training plan
- Provide resources for at-home practice

Follow-Up Support

All packages include a 30-minute follow-up evaluation within 7 days of the final session. We will review your dog's progress, adjust e-collar levels (if in use), and tailor next steps to your dog's learning style.

Important Notes

E-collar use is introduced carefully and only when appropriate. Our goal is clear, kind communication—not correction. This program lays the groundwork for more advanced training options.

Recommended For:

Dogs 5 months and older, new adoptees, or pups needing leash manners and structure.
